1. Introduction

The Boarding House Management App is a downloadable application from a web platform. It allows property managers and tenants to manage room availability, tenant records, and maintenance efficiently. This manual guides users through installation and usage.

2. System Requirements

To run the downloadable app, ensure you meet the following requirements:

- RAM: Minimum 2GB
- Storage: At least 50MB of free space
- Internet connection for sync and updates

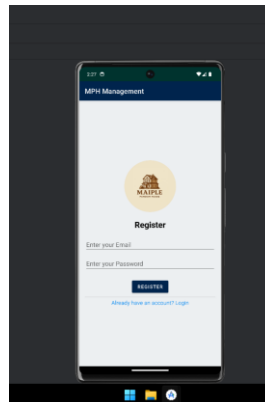

3. Downloading and Installing the App

1. Open a browser and visit the official website: maiplepensionhouse.netlify.app
2. Click the 'Download App'.
3. After downloading, open the Apk file.
4. Launch the app from your device.

4. Getting Started

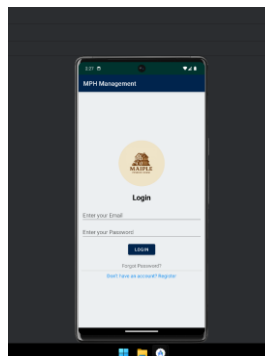

4.1 Creating an Account

1. Open the app.
2. Click on 'Don't have an account? Register'.
3. Enter required details and click 'Register'.

4.2 Logging In

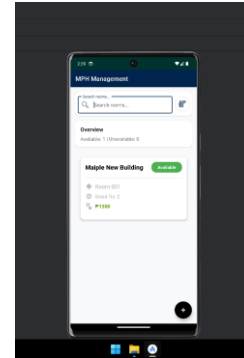

1. Launch the app.
2. Enter your email and password.
3. Click 'Login'.

5. Features & How to Use

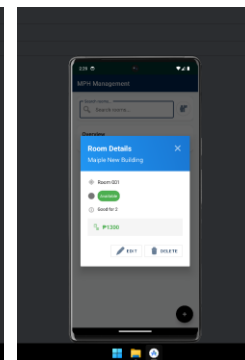

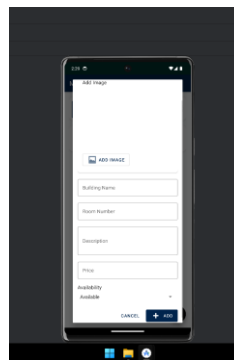

5.1 Dashboard Overview

- Displays room status, current tenants, and maintenance issues.

5.2 Room Management

- Add, edit, or remove rooms
- Check room availability

5.3 Notifications

- Get real-time updates on room status

6. Troubleshooting

Problem: App won't start

Solution: Ensure your system meets the requirements and try reinstalling the app.
